EDITORIAL FROM THE CHIEF JOINT FIRES AND INFLUENCE BRANCH

Brigadier Robert Alston Chief Joint Fires and Influence Branch

The Gunners, as the primary source of the Army's firepower, have an important role to play in delivering the increased lethality demanded of the Army by the recent Strategic Defence Review (SDR). Along with CGS's speech at the Land Warfare Conference in June, the SDR lays out the threat that the UK faces and the role of the British Army in deterring that danger. It should not be lost on any of us that the likelihood of an attack against a NATO member in Europe is credible and more proximate than at any time since the end of the Cold War. The role of NATO in deterring such an attack through demonstrating its preparedness to robustly defend itself has therefore never been more important.

CGS has framed the British Army's response to this operational context through his challenge to double our lethality by 2027 and triple it by 2030; the SDR raises the challenge further to a ten-fold increase in lethality. As the providers of the majority of the Army's lethality, the Gunners will make a critical contribution to delivering this transformation and we are already heavily engaged in that process.

CGS also talks about the 'third era' of NATO, by which he means a return to its core purpose of being ready to fight a conventional war in defence of NATO's eastern border. This is in some ways 'back to the future' and it should not be a surprise that our response to Putin's new threat has echoes of how we prepared for the 'old threat' from the Soviet Union - ancient history for our soldiers and subalterns, many born post-9/11. These historical echoes are most tangible in the reconfiguring of the British Army for fighting as a corps, rather than as individual brigades during the decades of counter-insurgency, or the more recent focus on fighting as a division. CGS also announced in June that the British Army was escalating its enabling brigades to directly support the Allied Rapid Reaction Corps (ARRC) and that he had placed the two divisions under tactical command of HQ ARRC. The process of turning the UK's corps HQ back into an enabled corps is far from complete, but the significance of this evolution should not be overlooked - it is corps that NATO looks to its member states to provide and is the metric against which our contribution will be judged.

These changes offer hugely exciting opportunities for Gunners across the Field Army. Already we have seen the announcement of a deep recce strike brigade for the 1st (UK) Division, demonstrating the Army's commitment to providing organic find and strike for both our manoeuvre divisions and providing the organisational framework around which these capabilities can, in time, grow. 7th Air Defence Group has already pivoted to working directly to the Corps HQ. It is leading the way in demonstrating how such a shift in focus must be accompanied by changes in structure, equipment and doctrine to meet the greater challenge of operating at the higher tactical level and into NATO command structures. On corps fires there is more to do, as we do not yet have a corps recce-strike formation to replace the 1st Artillery Brigade of old, but work is ongoing and the reservists of 100th Regiment RA are doing fantastic work in generating an artillery formation HQ for the ARRC when required.

Structure without capability is of limited utility however, and doubling formation HQs does not double our lethality unless it comes with an uplift in equipment and the communications systems to link it all together. The SDR announcement of £1Bn for the Digital Targeting Web, in combination with the Army's Project ASGARD and associated work in the Army HQ, promises to enable artillery staff at all echelons to integrate 'any sensor' and 'any shooter' into our plans, which is an exciting proposition. The seemingly unlimited potential of uncrewed air systems (UAS), both to find and strike targets, is also an area in which the Gunners are primed to exploit, alongside the imminent upgrade of our M270 GMLRS platforms.

This autumn therefore promises to be an exciting time for the Gunners as 1st Deep Recce Strike Brigade exercises its units on TITAN STORM and the ARRC conducts a mission rehearsal with HQ 7th AD Group and both divisional HQs on AVENGER TRIAD. These activities will see us exercising at all levels from company to corps and I look forward to reading all about it in future editions of The Gunner!

Serving is about teamwork. Your pension is about you. Join us. Job done.

Throughout your service career, you'll be faced with making personal pension choices. Choosing the right options will determine how good a pension you receive when you leave.

Our Forces Pensions Consultants are here to provide guidance to help you understand the ways you can influence the amount you receive. It's a personal thing. Your individual circumstances determine the way we respond to your enquiries.

You'll need to know about things like commutation, taxation, when's the best time to leave, pension top-ups, changing circumstances like divorce, and much more. Armed Forces pensions are complex and a Forces Pension Society membership includes access to our pension experts.

Also keep in mind the value of your pension as a major component in your personal wealth. An annual pension of £20k requires a pension pot of at least £400k at today's values.

Only you can make the choices available to you, and we're here to guide you. Job done.

Independent, not-for-profit

As an independent, not-for-profit organisation, our membership subscriptions help to fund our support for the Veterans'
Community, our Roadshows and Webinars, our attendance at
CTP Employment Fairs, plus our vigilance in challenging
governments whenever we spot unfairness or injustice in
the system.

And importantly, we provide the whole military community with a voice that counts, on the representative bodies for Armed Forces and Public Sector Pensions.

Visit: forcespensionsociety.org/join-now/

Annual membership for you and your spouse/partner is just **£47.**You will have exclusive access to our Forces Pensions
Consultants, our informative Members' Webinars and you'll receive our bi-annual enewsletters and our magazine, Pennant.

You'll also have access to our wide range of membership benefits from discounts on new cars to insurances, including our latest range of travel policies.

IT PAYS TO UNDERSTAND THE VALUE OF YOUR PENSION

From Lieutenant General Sir Andrew Gregory KBE CB DL

Artillery House Royal Artillery Barracks Larkhill Salisbury Wiltshire SP4 8QT United Kingdom

Master Gunner St James's Park

To the Royal Regiment of Artillery

10 th July 2025

It was the greatest honour of my professional career when I took over as the 32nd Master Gunner St James's Park on the 1st May 2017. The role has clearly evolved since it was first established in 1678 to site the cannons to protect the Palaces of Westminster, Whitehall and St James's! Now, as the representative of the Regiment's Captain General, my responsibility is to provide overall guidance and direction across the Royal Regiment; this includes growing our operational effectiveness, sustaining the Regimental family, enhancing our reputation and operationalising our history and heritage.

While, inevitably, there are challenges - a shortage of young men and women joining the Army and a lack of equipment, especially 155mm guns, being the most immediate ones, I am clear that the Royal Regiment is now in a very strong position and well placed to seize future opportunities.

After two decades of counter-insurgency operations in Iraq and Afghanistan, the return to warfighting and the direction from the Chief of the General Staff to double and triple the Army's lethality will require the totality of the artillery 'system of systems'. To make this a reality, the investment in and the growth of Air Defence, neglected since the end of the Cold War, is overdue and very welcome. The re-energising and re-balancing of Deep Recce Strike capabilities to both divisions also reflect the importance of fighting at range. Though we have not yet fully filled the gap left by rightly gifting our AS90s to Ukraine and training hundreds of their people, we are learning a great deal as we make ARCHER a capability and we look forward to the arrival of the Mobile Fires Platform in the next couple of years. All this fits within our new strap line of 'Find and Strike', something that emerged from the Operational Purpose and Distinctive Competencies work of 2018/2019. It is also very good news that we have formed the King's Gurkha Artillery; these fine officers and soldiers will add a great deal to our professionalism and operational capability. When discussing operations, I also pay real tribute to the families of our officers and soldiers who live with a great deal of separation, worry and stress; without their support, the Regiment would be non-effective.

The Royal Artillery Association, after a lengthy period of waning numbers, is now growing and with new Branches forming. This includes a Commonwealth, a female Gunners', a bikers', battery and other 'novel' branches alongside the more traditional geographic communities. Ensuring everybody who is serving or has served as a Gunner - and their families, remain part of the Regiment is essential for welfare, camaraderie and a sense of belonging. The Regiment's charities continue to provide invaluable support to serving and retired personnel in many different ways – welfare, sport, grants to the serving regiments, Royal Artillery events and more, and, due to good management, their resources have grown in recent years. I would urge all to come and join one or more of the main Regimental gatherings: the Remembrance commemoration at Hyde Park Corner; the Royal Artillery Association Assembly in Blackpool; the RA Gold Cup at Sandown Park; the annual service at the National Memorial Arboretum; St Barbara's Day at Larkhill and many others. As part of this and to enhance our reputation, a good deal of work continues to make the Regiment's communications to all audiences more effective; Gunner magazine is in a new format, our website has been revamped and we are raising our profile on social media, not least to assist with recruiting.

I am delighted His Majesty King Charles III agreed to become the Regiment's Captain General and we were greatly honoured by his visit to Larkhill in June; if we find ourselves short of a Light Gun layer, we know who to ask! I am also delighted that we have finally signed an agreement to lease with the Ministry of Defence for ground next to Larkhill for the Regiment's museum where we can, once again, put our magnificent collection on public display. While I am aware that there is some scepticism about whether the Museum will ever materialise, I would make three points: firstly, while there have been some 'false starts', I am confident we now have a viable plan and realistic business case; secondly, our Collection is important and dispersing it, which has been explored, is not an option; and thirdly, we will not 'bankrupt' the Regiment in bringing this to fruition. Celebrating and using our heritage is of fundamental importance to a Regiment of our size, stature and history.

I am very proud of this wonderful Regiment and all that has been achieved over the years and during my time as the Master Gunner St James's Park. However, I have decided now is the right time to hand the baton over to the next generation. I am therefore delighted to announce that Lieutenant General Mike Elviss, currently the Regimental Colonel Commandant, will take over from me on 1st November 2025; I know he will continue to nurture all aspects of the Royal Regiment of Artillery and that you will give him the very warm and committed support that you have given to me and Sally.

Andrew Gregory.

Ex CYPHER STRIKE 25: Forging the Future

Bdr Mills demonstrates a UAS FIND and STRIKE system with THOR a 10km BVLOS quadcopter, FPVs and OVERWATCH loitering munition all

Regiment Royal Horse Artillery (7 Para RHA) undertook Ex CYPHER STRIKE 25 (16X) Recce-Strike Group and drove innovation across the entire Regiment. This exercise not only validated the Regiment's operational readiness but also showcased the potential of the Recce-Strike and 16X operate in the modern battlespace.

The exercise began in Merville Barracks Colchester, where the Regiment utilised ISTAR feeds into their targeting cycles. capabilities. This simulation phase was critical in prepared for the challenges ahead.

The second phase of the exercise dug in their positions and established c-UAS

From 30th June to 12th July, 7th Parachute transitioned to the demanding terrain of Sennybridge Training Area in Wales, where the Regiment conducted live-fire training. (Ex CS25), a landmark event that introduced This marked the first deployment of the the 16 Air Assault Brigade Combat Team's newly formed Recce-Strike Group, which merged 16X ISTAR and JETG to enhance lethality and agility.

The Regiment's FSTs deployed into subsurface Observation Posts after a twoday, 30km tactical insertion, supported Group to revolutionise the way 7 Para RHA by 21 Battery's PUMA, 226 Sqn Light Electronic Warfare Team (LEWT), and 53 Battery's LCMR. Together, these assets formed a multi-layered and multi-spectral the Joint Fires Synthetic Trainer to rehearse ISTAR screen, providing unparalleled missions, refine processes, and integrate situational awareness and target acquisition

The Gun Group, comprising F, G, and I ensuring that every soldier understood their Batteries, deployed as the primary STRIKE role within the Recce-Strike Group and was asset. Working alongside engineering equipment from 23 Para RE, the Gun Groups

from FPV drones. Mortars from 1 R IRISH, accurate fires. and 2 PARA, added firepower to the Recce-Strike Group, further enhancing its ability to deliver joint fires.

Innovation in action

for new techniques and equipment. The Regiment trialled new gun-towing vehicles as a potential replacement for the Land Rovers performing well. This increased Raid, demonstrating the improved flexibility and reach of the Gun Group.

Adding to the realism, the Regiment employed THOR, an sUAS with a 10km range and payload of 10Kg to conduct not only validated its readiness, trialled reconnaissance of Gun Group positions. new technology and equipment but also THOR provided a talk-on for FPV drone pilots, who attempted to penetrate the c-UAS nets. While the nets successfully defeated two out of three FPVs, one managed to get forward, ensuring that 7 PARA RHA through. A sobering moment for both sides, remains at the forefront of innovation and as they heard, saw and felt what sUAS can readiness. Ex CS25 was more than just a achieve now.

The Regiment also operated a fully dispersed Echelon, with Workshops, the Ammunition Control Point, and a Forward Echelon spread across the AO to increase survivability. This tactical dispersion ensured that logistical support remained robust and resilient, even under enemy pressure.

A key focus of Ex CS25 was testing the processes and efficiency required to crosscue targets detected by multiple ISTAR assets and assign them to the best effector. Whether the target was engaged by a Gun, Mortar, sUAS, or Aircraft, the exercise emphasised the importance of prioritisation they are resupplied by CH-47

nets to protect against potential threats and deconfliction to deliver timely and

The Brigade Joint Fires Cell was responsible for controlling the Recce-Strike Group and was deliberately overloaded multiple times to stress-test its capabilities. The exercise was a proving ground Meanwhile, the Fire Direction Centre managed the Regiment's Gun Group, coordinating the movement of 3,000 highexplosive rounds, tonnes of rations, 10,000 venerable 6x6 Pinzgauer, with the double-cab litres of fuel, three Gun Raids, and 12 direct fire lanes. The scale and complexity of these mobility allowed G Battery to conduct a Gun operations underscored the importance of effective command and control in a hightempo environment.

Looking ahead

As Ex CS25 concluded, the Regiment had demonstrated the transformative potential of the Recce-Strike Group. The lessons learned from this exercise will be carried validation exercise – it was a glimpse into the future of how the British Army fights.

Football Team: A Historic Season (2024/25)

7 Para RHA starting XI posing before their historic semi-final win in the Major Units Army Cup

Parachute Regiment Royal Horse Artillery respect and admiration. (7 Para RHA) football team. The team defied expectations, broke long-standing barriers, and demonstrated unwavering spirit, marking a new golden era for Regimental sport.

reached the Army Cup Major Units Final, an extraordinary feat that sparked pride across the unit. Their semi-final journey to Inverness, Scotland, was the standout moment. Travelling by air, the team showed both style and ruthlessness in a thrilling coveted trophy for 7 Para RHA. 5-3 win over 39 RE. This performance the foundation for the rest of the season. The final was a tense, tactical battle against

The 2024/25 season will go down as one of defeat in extra time, the players' courage the most remarkable in the history of the 7th and determination earned widespread

Refusing to dwell on the Army Cup disappointment, the squad bounced back in emphatic fashion in the Royal Artillery Cup. In the semi-final, they outclassed 14 Regt RA in a spectacular 6-3 victory, For the first time in 25 years, 7 Para RHA rekindling hopes of silverware. The RA Cup final against 1 RHA proved a grueling test, ending 1-1 after full time. In the dramatic penalty shootout that followed, Bdr Timmins emerged as the hero, saving two spot-kicks to clinch a 4-1 win and secure the

Meanwhile, F (Sphinx) Parachute Battery underlined their attacking prowess and laid Football team carved their own piece of history in the Battery Shield, one of the oldest competitions in English football at all 23 Para Royal Engineers, ending 0-0 after levels. Their campaign was nothing short of full time. Despite the heartbreak of a narrow dominant, sweeping aside King's Troop and

E Battery before delivering a commanding 4-0 victory over reigning champions D Battery in the final.

This season has been a testament to both the resilience, and skill of the 7 Para RHA football team. The bitter losses in last season's RA Cup and a series of near-misses in the Army Cup over the past decade served as the fire that fueled their determination. Each setback only sharpened their desire, and it was clear from the opening whistle of this season that the squad was intent on rewriting history.

With silverware secured and the double won, the Regiment can look back with immense pride, knowing that this campaign is the result of hard-earned redemption. They will now look forward to next season, with renewed ambition to build on this momentum.

RA Memorial Garden, Wreath laying

Royal Artillery Service of Remembrance

On Saturday 5th July, the RA Service of Remembrance was held at the National Memorial Arboretum. The Regimental Headquarters welcomed over 400 members of the Royal Regiment of Artillery; serving, veterans and families.

The day began with the Controller, Chairman of the RAA, Regimental Colonel, and the Royal Artillery Sergeant Major inspecting Royal Artillery Standard Bearers and In-Pensioners of the Royal Hospital Chelsea.

Following the inspection, the Honorary Chaplain led the commemorative service and at the end of the Service, awards were presented to Branch Members who have completed 5, 10 and 15 years service in Committee roles. Towards the end of the Service the Controller presented Mr Frank Mills, Coventry Branch with a well-deserved Certificate of Merit.

Guests then made their way to the RA Memorial Garden for the wreath laying ceremony.

Thank you to the Lancashire Artillery Volunteers Band who performed at the Service and entertained us all on Heroes' Square.

And a further thank you to everyone who attended this event to make it successful, it was wonderful to see representatives from the King's Gurkha Artillery, a warm welcome to the Gunner family.

The Service next year will take place on 4th July 2026.

The Artillery Clerks' Association: A Memorable 90th Reunion Weekend

On Saturday 21st June 2025 — the longest and quite possibly the warmest day of the year — the Artillery Clerks' Association gathered at the Royal Artillery Warrant Officers' and Sergeants' Mess in Larkhill to celebrate a remarkable milestone: the 90th Reunion Dinner. The event brought together 45 members, partners, and guests from across the globe, including attendees from Malta, Germany, France, Australia, and the Isle of Man.

Joe Falzon, Association Chair, welcomed a distinguished group of Guests of Honour: Major General Richard Clements CBE, Director Army Basing and Infrastructure; Major Dickie Davies, Secretary of the Royal Artillery Association; and WO2 (BSM) Simon Godfrey, representing our affiliated battery, 34 (Seringapatam) Battery RA — whose support to the Association throughout the year is immeasurable.

Continuing a valued recent tradition, the Association also welcomed Mrs Helen McNamara, widow of the late Sgt (AC) James McNamara, as an honoured guest. Helen and her companion, Mrs Jill Palmer, were warmly hosted throughout the reunion weekend by Chris and Julie Shuter.

One of the highlights of the evening was the introduction of a new accolade: The Kemish Award, named in memory of the late WO2 (QMS(AC)) Trevor Kemish. This award recognises exceptional dedication, community spirit and service to the Association. The first recipient, Dave

Cussell, was presented with the inaugural award by Lieutenant General Richard Nugee CB CVO CBE, Honorary President of the Association. The award celebrated Dave's outstanding commitment, loyalty and leadership over more than 25 years — a fitting tribute to a stalwart of the Association.

This year also marked the end of an era, as the Association bid a heartfelt farewell to Roy Deal, who stepped down after serving eight years from his role as Reunion Secretary. In recognition of his tireless efforts and the impeccable organisation of these treasured events, Roy was presented with a commemorative gift from the Association. His work has ensured that each reunion remained a meaningful and seamless gathering for all involved.

The evening featured a traditional regimental dinner, with musical accompaniment from The Wiltshire Police Band which was well received.

We look forward to continuing this proud tradition in the years ahead.

Bloxwich and Walsall

Mr Victor Ralphs, a Life Member of Bloxwich and Walsall Branch recently celebrated his 100th Birthday. The Master Gunner St James's Park sent a letter and card to Mr Ralphs congratulating Victor on his centenary celebration.

14673393 Gnr Victor Ralphs joined the Royal Artillery in 1944, served with 50 Field Regiment, India; 136 Field Regt, Burma; 114 Field Regt, Malaya; 178 Field Regt, Java and 1 Medium Regt, Burma.

RAA Sec Visit Round-Up

Lewes

I had the pleasure of visiting Lewes Branch for their early summer social, a wonderful dinner at the Lewes Golf Club and an opportunity to conduct a number of Committee Service Awards within

the Branch. I want to also thank Mark of note their support to Gunner Sunday make these plans a reality.

Canterbury

I spent a wonderful afternoon in Canterbury, this was an important meeting as I was simply attending a routine branch meeting and it is really helpful for me to understand the true health of a branch that you only get from this type of gathering. Needless to say there was nothing but positives to report, it is a very well attended and conducted meeting and I look forward to see them all again at the Lodge in Canterbury Cathedral for their Christmas function later in the year.

Sidcup and District

This was by my admittance a long overdue visit, I have been enthused by This was a truly wonderful event for which the Branch at Sidcup who I have had the fortunate pleasure of meeting at various RAA events over the last couple of years,

Harding who as Regional Representative and Hyde Park Remembrance Parade. plays a key role in the Branch but is also I have to say meeting them on home turf working with me to grow the declining only confirmed my thoughts that this is branches in the region and we will be a vibrant, well attended and dare I say, closing the detail on both Portsmouth and relatively youthful branch. Whilst I was Southampton locations working closely able to present a service award I genuinely with the GBAD Regiments in the South to look forward to next year, as by then, the team that pulled together four years ago to pull this branch back from the brink will all simultaneously reach their 5 year Bronze award status and I feel strongly that this bench mark, which demonstrates what can be done, needs to be recognised formally... Leave it with me, I will come up with a plan, but until then keep doing the amazing work.

Bury St Edmunds

From a Branch that in its recent incarnation is relatively young, I moved across the river and east to visit Bury St Edmunds where I had the privilege of attending their 80th Anniversary celebrations. the weather was kind and the venue most accommodating. The interesting piece is their story, which is similar to that of

our Branches.

Germany

The Association Secretary had the pleasure of recently representing RHQ RA, supporting a collection of events in Germany.

At the centre of the programme was the 25th Anniversary of the Friendship and Freedom Accord that 26 Regiment RA have with the town of Rheda-Wiedenbruck, a legacy of the considerable time that the Regiment occupied Mansergh Barracks in Gutersloh (the last Gunner Regiment stationed in Germany-BFG).

It was a huge pleasure to be also joined by both the current Commanding Officer and Regimental Sergeant Major of 26 Regiment RA. The event started with the joint signing of the 25th Anniversary Certificate by ourselves, the Burgermeister, along with a representative of the veteran 26 Regiment RA community in Rheda and key members of the Rheda Schützenvereine (shooting club). The overarching signatory being placed on the certificate, was that of the Royal Artillery Regional Representative

Sidcup, with Bury St Edmunds Branch of Germany, Mr Michael Bridgman who also being pulled back from the brink, has been the driving force behind the all be it some 20 years ago, but it does continued strong links between the town, demonstrate the ebb and flow of some of the Veteran Community and the Serving Regiment.

> What followed was a delightful lunch in the Rathaus, before taking our places alongside the wider UK veteran community, serving UK forces from several local units and three branches of the Schutzenvereine. With Schützenvereine Gun Firing to denote the start, we marched to the Kirchplatz to parade, following an inspection by the outgoing Schützenvereine Queen. This was followed by a march across the whole of the town to the annual Schützenfeste (shooting festival) location. Schützenfeste are centuries-old traditions evolving from medieval militias into community-focused associations for sports shooting and social gathering.

> This was where the third and final stage of the organised events took place, and as the clouds started to clear, an afternoon/ evening was about to be undertaken, the long wooden tables were occupied by a unifying mix of RAA Branch members from Germany Veterans Branch, North Germany Branch and those who form part of the National Web-based branch (Germany Remainers) along with all our friends old and new within the Schützenvereine.

> This brought to an end the 25th Anniversary of the 26 Regiment RA Friendship and Freedom accord, a look forward to further events later in the year, with the 30th Anniversary of the RAA North Germany Branch at the end of September, being held

blessing of the Rheda-Wiedenbruck RAA its veteran Gunner Members have already commissioned.

A final thanks to our own RAA Regional Representative and RAA branch membership, the Burgermeister and local dignitaries of Rheda, CO and RSM of 26 Regiment RA along with all their current and past members and all the members of the Rheda Schützenvereine for your generous hosting and enduring friendship.... Prost!!

Future plans 2025

Taking a break early Summer I will be visiting all the Branches in Scotland, Aigburth & Merseyside and Branches in the North East. I am also looking forward to spending time in our new region of North Central as I work with the Regional Rep (Steve Otter).

We'll Meet Again......

in Celle and next year the unveiling and In mid-June the Regimental Headquarters gathered together to say a fond farewell Standard, which the Schützenvereine and to the Regimental Secretary, Colonel Matthew Carter, and Dickie also presented Matthew with a gift from Norwich Branch.

RAA Battery Grants

One of the charitable objects of the Association is to promote comradeship, fostering esprit de corps and preserving traditions. Each year the Association makes funds available to Batteries in the form of annual grants to help fund Battery events, improve conditions for members of the Battery and their dependants.

Find out more information from carla. brawn100@mod.gov.uk or through your chain of command.

13 (Martinique 1809) Battery, 19th **Regiment Royal Artillery**

On the 27th February 25, 13 (Martinique 1809) Battery celebrated Battle Axe Day 25.

The event was celebrated throughout the day by all serving and veteran members of the Battery. It started with a breakfast in the JRD, this allowed for a collective of past and present members to reunite. After breakfast, all members engaged in numerous sporting activities that was organised by committee members. The Battery then came together for a curry lunch supplied by SSgt Watkinson and his team before the day's activities closed with an official football match (Battle Axe Cup) between 13 (Martinique 1809) Battery & 74 Battery (The Battle Axe Company). Unfortunately, 13 Battery lost to 74 battery 4-3.

In the evening, members of 13 Battery both past and present came together for a formal dinner night, where the Battery Commander opened the evening by bestowing the importance of tradition, leadership and Battery heritage. This time was also used to praise the Battery and certain individuals outstanding achievements and contribution to the Battery. Pipe-Major Macey-Lillie recited the regimental toast in Gaelic for the Battery and then translated the meaning for all members to understand. The evening function was closed by the BSM who bid farewell to the Battery for the last time before assuming his new role as MG.

A Night of Honour and Farewell 106th Regiment Royal Artillery Marks

25 Years

In late Spring 2025, the respective messes of the Officers' and WOs' & Sgts' of 106th (Yeomanry) Regiment Royal Artillery came together for a remarkable evening at London's historic Cutlers' Hall to mark two significant milestones: the Regiment's 25th anniversary and the farewell of several longstanding and respected members. The celebration served as the centrepiece of a Regimental conceptual study weekend, bringing a memorable punctuation to a period of reflection, learning, and tradition.

Founded in 1999, 106 Regt RA is the British Army's only reserve unit dedicated to ground-based air defence. With batteries based across London, Portsmouth, and Southampton, the Regiment has carved out a proud identity within the Royal Artillery, often punching above its weight and always maintaining a sharp operational edge. With RHQ in Grove Park, both the City of London and Woolwich have always been a major part of the Regiment's history and identity, and it was fitting to hold such an event straddling both spaces.

The Regt's pride and professionalism was on full display at Cutlers' Hall — a location steeped in its own legacy. Hidden away on Warwick Lane, just off Newgate Street, the Hall has been the headquarters of the Worshipful Company of Cutlers since 1888. The Cutlers' Company itself dates to the early 1300s, with a Royal Charter granted in 1416 by Henry V. Inside, the hall is a stunning fusion of Victorian craftsmanship

and medieval symbolism — with gleaming Warrant Officer Class 1 Si McCrossan, adorning its walls. For members of 106, unit. it offered a fitting stage to commemorate their journey so far.

dressed in mess kit, and gathered for a three-course dinner served in the grand main hall. The mood was celebratory, but also reflective. This occasion wasn't just about anniversaries, it was about honouring those who had given decades of service.

Among the individuals recognised were:

Lieutenant Colonel Sinclair OBE, the Commanding Officer, whose leadership and vision have left a lasting legacy.

Major Coney, Regimental Second-in-Command, the Regiment's longest serving member, having served in every rank from Gunner to Major, all within 106.

Major McQuillan, Quartermaster Reserve, retiring after a remarkable 40 years in uniform who will be sorely missed.

Major Butcher, Battery Commander of 457 Battery, and a long-serving and valued member of the unit.

Captain Boucher, Adjutant, who departed after two years highly dedicated service in the Regiment.

Captain Haines, PSAO 265 Bty, who although unfortunately couldn't make the evening, left the Regiment after 40+ yrs total service (Reg+Res) and a tour-de-force in Grove Park.

wood panelling, a soaring hammer-beam PSAO 295 Bty, moving on after nearly a roof, and a gallery of arms and shields decade of highly dedicated service to the

Staff Sergeant Kelly Way, concluding a 30-year career (Reg+Res), who has been Attendees arrived by coach from Woolwich, a highly valued member of the Regiment since concluding a full regular career.

> The evening's speeches reflected both deep respect and warm camaraderie, as memories were shared and futures toasted. For all present, it was a chance to acknowledge the people who shaped the Regiment's first 25 years — and to look forward with pride to the next chapter.

46 (Talavera) Battery 32nd Regiment Royal Artillery

On Thursday, 24 July 2025, 46 (Talavera) Battery marked its annual Talavera Day with a memorable celebration, honouring its historic engagement in the Battle of Talavera. The day was designed to provide all ranks with an opportunity to reflect on the Battery's proud heritage, foster teamwork, and strengthen cohesion through a mix of activities.

The morning events took place at Larkhill, where personnel participated in team-building activities that highlighted

and bond as a team.

The event was made possible thanks to the generous support of the Royal Artillery Association, which provided a financial grant of £500. This grant assisted with funding the day's activities, ensuring the event was accessible and enjoyable for all.

The entire Battery benefited from the day, which not only celebrated its historical legacy but also reinforced the strong sense of unity and pride that defines 46 Talavera Battery. A heartfelt thank you goes to the Royal Artillery Association for their invaluable support in making this special day a resounding success.

Talavera Day 2025 was a fitting tribute to the Battery's storied past and a testament to the enduring spirit of its people.

granted £500 from the Royal Artillery Association, in support of our celebrations. through muddy trenches, and diving The RAA disburse over £150,000 annually in support of 'Community Welfare' which focuses on supporting our veteran us to challenge ourselves in an extremely community through the RAA Branch enjoyable environment. Having tired network (in which all active Batteries ourselves out, wading in the mud and are Branches) and through activities that jumping off platforms, the Battery bring the serving and retired elements returned to Merville Barracks, Colchester. of the Gunner family together (RA Assembly, Remembrance, Sandown, National Memorial Arboretum etc). Of that, over £40,000 is distributed annually directly to Batteries and

the importance of collaboration and Regiments in support of events that camaraderie. The day then transitioned build unit cohesion and strengthen the to Newbury, where the Battery enjoyed relationship between the serving soldiers a relaxed social evening at the Newbury and the veteran community. The Battery Races, offering a perfect setting to unwind Commander and all ranks thank the RAA for their continued support.

G Parachute Battery (Mercer's Troop)

7th Parachute Regiment Royal Horse Artillery

G Parachute Battery (Mercer's Troop) celebrated Waterloo Day this year by having members of the Battery attend an event at Nuclear Races, followed by a formal dinner in the Warrant Officers' and Sergeants' Mess.

The event consisted of the Battery throwing themselves into a challenging obstacle course. An excellent way for the Battery to enjoy a team cohesion event 32 Regt RA, 46 (Talavera) Battery was and to unwind during a busy CYCLONE training period. Scaling walls, crawling down waterslides was also a great medium for team bonding and enabled

> The evening played host to a formal mess dinner in the Warrant Officers' and Sergeants' Mess. This was a brilliant opportunity for the Junior ranks to

proudly wear their No2s and experience the prestige of their Seniors' mess. Whilst the Officers and Seniors donned their mess dress. To begin the night, we had an in-depth brief from Mr Ian Patterson, the Regimental historian. This focused on the Battle of Waterloo and the vital role Captain Mercer played during the fight. Crucially staying by his guns and pushing back French cavalry while others withdrew; the bravery of Captain Mercer and his men is something the Battery is inspired by to this day.

Throughout the dinner, three Gunners prepared individual briefs, which touched on World War Two stories about previous members of the Battery. This highlighted the proud history of the Battery and helps strengthen our sense of pride and belonging. Additionally, Mr Ian Tate from the Royal Artillery Association was invited to the dinner, he kindly shared stories about his time serving with the Artillery – captivating members of the Battery throughout the evening.

30 Battery (Rogers's Company) 16th Regiment Royal Artillery

30 Battery, Rogers's Company, recently hosted a Battle of Waterloo dinner evening at the Thorney Island Warrant Officers' and Sergeants' Mess. All members of the Battery were invited to attend in celebration of the Battery's birthday.

The evening featured an introduction to Mess etiquette for those unfamiliar with its traditions and included a historical overview highlighting significant events from the Battle of Waterloo, with particular focus on the Battery's role in the conflict.

We would like to extend our sincere thanks to the RA Association for its generous financial contribution, which was instrumental in enabling the event. On behalf of all members of the Battery, we are truly grateful for your continued support."

#FINDandSTRIKE ONE FAMILY - ROYAL ARTILLERY CHARITIES

RACF SUPPORT TO THE REGIMENTAL FAMILY

The RACF to date has provided 403 Gunners help with household goods, bereavement costs, annual grants and other essential items. The RACF has provided £351k in help this year alone. Can we help you or someone you know? Reach out to us so we can help our Gunner family. Unfortunately we cannot help with needs such as private medical or legal fees.

The team is here to help and we can be contacted by email: RARHQ-RACF_WELFARE-MAILBOX@ mod.gov.uk, or via our website RA Charitable Fund Application - RA Association (thegunners. org.uk). We aim to respond in 3 working days. We can signpost you and discuss the next step to help. Our office number is **01980 634309** or **0303 379 4560** if you would like to speak to someone or leave a message. If your serving pop in and see your UWO for help or advice.

Alternatively call SSAFA on **0800 731 4880**, the Royal British Legion on **0808 802 8080** to get a case up to us.

Thank You's

"Thank you for the very generous support shown at this very, very difficult time. It is very much appreciated and has had an enormous positive impact on the family." Thank you! - Serving Soldier

"I am deeply grateful for the financial support you have provided. Your generosity will play a crucial role in helping me achieve one of my personal goals this year and that is obtaining British citizenship before December. I am sincerely thankful for your assistance and will always appreciate your support." - Serving Soldiers family

Please note a first come first served basis applies. Applications for double bed, twin or single accommodation in the RA Mess should be sent to the Mess Secretary, Lt Col Peter Thompson: Peter. Thompson690@mod.gov.uk Please note that accommodation will be in short supply. Requests for double and twin rooms will be added to a waiting list, and allocations will be made on the 4th September 25. In the event that no further single rooms are available in the main Mess building, applications for standard accommodation can be made through the Central Accommodation Booking Service (CABS) at: DIO RD PFI-PAC SLAMIS TeamGpMail (MULTIUSER) DIORDPFI-PACSLAMISTeamGpMail@ mod.gov.uk

Since its inception in 2010, the Aaron Lewis Foundation, fuelled by the spirit of volunteerism, has dedicated itself to uplifting the lives of serving personnel, veterans, Regiments and Service Associations across the UK.

Our mission is propelled by a simple yet profound promise: to leave no one behind. From essential equipment to life-enhancing resources, we've answered the call of those in need, transforming lives one project at a time. Whether it's aiding with mobility through wheelchairs, enhancing training with hand weights, or empowering through education with 1st Aid courses, we adapt to the unique needs of our heroes, often collaborating with fellow charities to fulfil our commitment.

Are you, or someone you know, in need of support?

The Aaron Lewis Foundation is ready to help, guided by a few key principles:

- We assist serving personnel, veterans, or initiatives that directly benefit them, such as equipment for sports teams or community projects.
- Our assistance focuses on providing physical items that have an immediate impact on recipients' lives, as opposed to a pool of funds.
- We prioritise requests that address needs not met by MOD or statutory provisions, including match-funding request.

To explore how we might support you or your cause, please contact us at info@aaronlewisfoundation.org.uk for an application form.

About the Aaron Lewis Foundation

Lieutenant Aaron Lewis, of 29 Commando Regiment Royal Artillery, was killed in action in Afghanistan on December 15th, 2008. He was just 26 and on his first operational deployment.

Aaron wanted to make a difference in the world, bringing help to those in need. It was that belief which gave him the courage, hope and enthusiasm to deploy to Afghanistan.

Two years after his death, the Aaron Lewis Foundation was established by his family and friends to continue to make a difference in his memory. With unity and teamwork at its core, Aaron's family, friends and former service colleagues work together to raise funds for causes close to Aaron's heart, providing access to sport and wellbeing for all, while at the same time furthering his legacy.
